Welcome to the 2027 Bedding Catalogue

Thank you for your continued support of Earley Ornamentals.

For 2027, our focus remains on supplying growers with reliable young plants, a carefully selected bedding range and the flexibility to respond to changing market demands.

As the industry continues to evolve, we remain committed to helping our customers succeed with high-quality plants that perform consistently from production through to retail and into the garden.

This year's new introductions have been chosen for their resilience, uniformity and lasting garden performance, offering even greater choice across the range. See the full selection of new varieties and additions on pages 8-16.

With increasingly unpredictable weather, demand for resilient varieties continues to grow. Long flowering, durability, reliable shelf life and lasting garden performance have been key criteria in our selection process.

New for 2027

51-cell tray designed for smaller quantities

One of the key developments for the 2027 Bedding range is the introduction of our new 51-cell tray (count 50). Developed in response to customer feedback, it offers a flexible, smaller quantity option that fills an important gap within our existing tray formats. The new tray also provides improved product stability and structure, supporting efficient crop management, handling and delivery.

If you would like to discuss the new tray format, our latest introductions or your production plans for the season ahead, please contact your dedicated Account Manager, our Customer Service team or me directly.

On behalf of everyone at Earley Ornamentals, thank you for choosing to work with us. We look forward to supporting you throughout another successful growing season.

Yours sincerely,

Simon Earley
Managing Director

2. BASIS OF CONTRACT

2.1. Subject to the variations provided for in these Conditions the supply of the Goods will proceed as follows:

7.2. Title in the Goods or any part thereof supplied hereunder shall not pass to the Customer until payment has been made in full and cleared funds received for:

8.2. If it is agreed by the Company that the Goods are damaged or a shortage is apparent, the Goods will be replaced free of charge or at the option of the Company, allowed for credit, provided that such credit shall not exceed the value of the relevant Goods as invoiced and provided that the Customer shall, if required by the Company, return any damaged Goods at the Company's expense (subject to the Company's prior approval) in the same condition as they were supplied.

8.3. It is agreed by the Customer that if on delivery any of the Goods are damaged or less than the quantity ordered, the Customer shall not be entitled to reject the Goods but if the Customer provides the Company with photographic or other suitable evidence the Company will allow credit for the damaged or missing Goods, provided that:

8.3.1. such credit shall not exceed the value of the relevant Goods as invoiced; and

8.3.2. the Customer shall, if required by the Company, return any damaged Goods at the Company's expense in the same condition as they were delivered.

9.2.1. the Customer gives notice in writing to the Company during the Warranty Period within 7 days after the discovery that some or all of the Goods do not comply with the warranty set out in clause 9.1;

9.2.2. the Company is given a reasonable opportunity of examining such Goods, including but not limited to being given the opportunity to conduct site visit(s); and

9.2.3. the Customer (if asked to do so by the Company) returns such Goods to the Company's place of business at the Customer's cost,

9.2.4. the Company shall, at its option, replace the defective Goods, or refund the price of the defective Goods (including any return delivery costs incurred by the Customer) in full.

9.3. The Company shall not be liable for the Goods failure to comply with the warranty set out in clause 9.1 the defect arises as a result of:

9.3.1. the nature and natural lifetime of the Goods;

9.3.2. Customer's failure to follow the Company's oral or written instructions as to the storage, planting, use and maintenance of the Goods or (if there are none) good trade practice regarding the same;

9.4. The terms implied by sections 13 to 15 of the Sale of Goods Act 1979 are, to the fullest extent permitted by law, excluded from the Contract.

9.5. These Conditions shall apply to any replacement Goods supplied by the Company. Unless otherwise stated in this clause 9, the Warranty Period for replacement Goods shall be the balance remaining of the Warranty Period for the relevant original Goods which have been replaced.

10. LIMITATIONS OF LIABILITY

10.1. The Company shall not be responsible for any loss, injury or damage suffered as a result of a failure on the part of the Customer or any third party to use, handle or deal with the Goods in a safe and proper manner and in accordance with all applicable regulations and all procedures recommended by the Company.

10.2. No representation is made nor warranty given by the Company as to the suitability or fitness of the Goods for any particular purpose or location, and the Customer shall be responsible for ascertaining whether the Goods are suitable or fit for the Customer's purpose, taking into account weather conditions and the Company shall be under no liability for any loss damage expense or liability incurred by the Customer or any third party as a result of the Goods not being suitable for a particular use.

The Customer is responsible for making its own arrangements for the insurance of any additional losses.

11. FORCE MAJEURE

11.1. If the Company is prevented (directly or indirectly) from making delivery of any Goods by reason of force majeure (as hereinafter defined) the Company shall be under no liability whatsoever to the Customer.
